

# PRETTY IN PINK

The soft and delicate hues of pink are a delightful addition to spring and summer fashion. The versatility allows for both dressy and casual styling, making it a universally flattering colour choice.

The popularity of the paler shades of pink in fashion can be attributed to its refreshing introduction of a sense of femininity, romance, and the rejuvenation of springtime to any ensemble. There are numerous ways to incorporate it into your wardrobe.

For an elevated look, pair a stylish dress from Urban Outfitters with heels from Kurt Geiger and compliment it with a statement necklace from Accessorize for a night out.

On the other hand, for a more relaxed vibe, combine a pink shirt from Primark with jeans and sneakers for a casual yet chic appearance. To infuse a touch of pink into any outfit, consider accessorising with a scarf, bag or jewellery in this delightful colour.
